DATE: November 10, 2022
TO: Bernice Marcopulos, PhD, Dept of Graduate Psychology
Autumn Wild, Assessment Assistantships
FROM: Lindsey Harvell-Bowman, Associate Professor, IRB Panel
PROTOCOL TITLE: Global Survey of Neuropsychological Test Practices to Assess Covid Patients with Neurocognitive Concerns
FUNDING SOURCE: None
PROTOCOL NUMBER: 23-3501

The request for an exempt determination for the above-referenced study has been approved. The study was determined to be research that is exempt from Institutional Review Board (IRB) review under 45 CFR 46.104 Category 2. The project as described in the application may proceed without further oversight.

Exempting an activity from review does not absolve you from ensuring that the welfare of the subjects participating in the research is protected and that methods used and information provided to gain subject consent are appropriate to the activity. You are reminded that any changes in your protocol that affects human subjects must be submitted to the IRB to determine if review and approval will be required *before* implementing new procedures.

Please direct any questions about the IRB's actions on this project to the IRB Chair:
